85 Years of Turning Caring Into Action
Mission Statement

Little Flower Children and Family Services of New York, rooted in Catholic tradition and guided by the lives of Saint Therese Lisieux and Saint Peter Claver, transforms caring into action to deliver services, programs and direction to improve the lives of children in crisis, families and the developmentally disabled.
This bi-Annual Report gives us the perfect opportunity to not only look back over the past two years and celebrate our accomplishments once again, but it is also a chance to look toward the future. Thanks to the leadership, dedication, and support of Keith Fell, immediate past Board president and Grace G. Lo Grande, retired executive director, Little Flower is poised to move forward and embrace new leadership and new opportunities. We have accomplished much, but there is still so much more we plan to do. Your continued encouragement and investment is a critical element in moving forward.

Thank you to our Board for their guidance and governance, the staff who have proven their dedication, the volunteers who have given their time, and the community for their friendship and understanding. And thank you to all of our donors who continue to provide much needed financial support to Little Flower so that we can continue to make a difference in the lives of those we serve.

You have delivered new toys and gifts for the hundreds of children and adults in our care. You joined us in celebrating, commemorating and honoring our mission and history, all the while looking ahead. And you have provided critical funds so that we can keep up with the changing needs of our clients.

But most of all you gave us your trust. You have entrusted your confidence, your hopes and beliefs in Little Flower’s leadership and those working in the trenches 24 hours a day, 7 days a week. Knowing that we have your trust enables us to achieve success child by child, family by family, individual by individual. It gives us the foundation to plan for the future and seek the opportunities that present themselves and to create additional opportunities of our own design.

We look forward to a productive and fruitful future as your support enables us to achieve so much more in the years ahead.

Leonard Scioscia  
President  
Board of Directors

Corinne Hammons  
Executive Director

**Pulse of Little Flower**

Little Flower strives to deliver innovative, quality programs and services to the children, families and developmentally disabled adults we serve.

Our goal is to establish permanency for the children in our care by returning them to their family when possible or by placing them with a new forever family through adoption. Support and education is provided to our foster parents so they can offer safe, nurturing and loving homes. We secure safe, long-term living arrangements for our developmentally disabled adults as well as access to programs and services to ensure the best quality of life as possible.

From July 2013 to June 2015, Little Flower:

<table>
<thead>
<tr>
<th>Served <strong>1,182</strong> children in loving foster homes</th>
<th>Helped <strong>357</strong> children return to their own families</th>
</tr>
</thead>
<tbody>
<tr>
<td>Managed the successful adoption of <strong>135</strong> children into Forever Families</td>
<td>Cared for <strong>162</strong> youth in the Residential Treatment Center and Inner Lights Program</td>
</tr>
<tr>
<td>Assisted <strong>232</strong> young adults beginning life on their own</td>
<td>Served <strong>55</strong> at-risk youth in the Multisystemic Therapy Program</td>
</tr>
<tr>
<td>Served children with serious emotional problems, developmentally disabled or medically fragile through <strong>Bridges to Health Program</strong></td>
<td>Helped adults with developmental disabilities lead more rewarding lives <strong>379</strong></td>
</tr>
</tbody>
</table>
Little Flower held a dedication ceremony on November 1, 2014 to officially name the Wading River campus the **Monsignor John T. Fagan Campus**.

The celebration included a dedication with distinguished guests including: Senator Kenneth P. LaValle and Riverhead Town Council member John Dunleavy. Everyone was invited to stay and attend mass in the campus chapel in honor of Little Flower’s history and in memory of those who helped pave the way for our success.

“This is a special day in Little Flower history—honoring one of our greater leaders, Father John, who was inspired by our founder, Msgr. Bernard Quinn; both men worked for change in the lives of the most vulnerable members of society. It is even more special because we are joined by several generations of the Fagan family in celebrating the life and work of one of their own” said previous Executive Director, Grace G. Lo Grande.

**Sanctuary Is Here!**

These three questions are heard during every community meeting throughout Little Flower on a daily basis. Whether a department staff meeting or a cottage meeting with staff and youth at the Residential Treatment Center, everyone is asking these questions in an effort to create a safe and inviting atmosphere of communication and sharing, all the while developing skills of containing intense feelings and provocative issues that need individual attention and privacy.

Community meetings are the cornerstone of Sanctuary – a trauma informed organizational change model focusing on trauma recovery and safety for those in our care and our staff. The Sanctuary model is trauma informed instead of trauma reactive – it looks at ‘what has happened’ to a person, not ‘what is wrong with them.’ The Community meeting is just one item of the Sanctuary Tool Kit, a set of practical and simple interventions that reinforce the language and philosophy of the model.

Little Flower is excited to undertake this organizational shift toward the Sanctuary Model. We believe the model's emphasis on care for the client and the worker will lead to better outcomes for those we serve and the Little Flower community at large.
Recognizing the special challenges young adults in foster care face as they navigate the difficult transition from adolescence to adulthood, Little Flower offers the Preparing Youth for Adulthood Program (PYA), which consists of programs and opportunities for achieving positive outcomes for our foster youth. PYA offers workshops on topics such as household and money management, bills, leases, health insurance, college and workforce prep. To further the career readiness aspect of PYA, Little Flower developed Exploring Your Future, which provides the opportunity for youth to participate in internships, career fairs, vocational training, and other activities aimed at supporting them in acquiring marketable skills and searching for full-time and part-time positions.

Furthering the career readiness objective, Little Flower launched the annual Exploring Your Future Career Day in November 2013. Representatives from a variety of professions were invited to participate in a panel discussing their position and the path they took to get where they are today. Youth have the opportunity to engage with the speakers one-on-one to dig deeper and have questions answered.

The 2013 and 2014 Career Days were held at St. Francis College and were sponsored by Juice Pharma. Little Flower was fortunate to welcome representatives from fields such as: advertising, banking, communications, courier services, culinary, education, health and wellness, human services, information technology, insurance, medical, law enforcement, legal, the military, sanitation and television. We were honored to have board member Len Scioscia present at the 2014 Career Day as he guided the youth through the world of insurance!

We look forward to continuing to offer other unique opportunities to our youth, such as Career Day, so that they have a fighting chance to develop the resiliency, self-reliance and self-confidence needed to succeed once they age out of care.
Brooklyn and Queens Computer Labs

In the early part of 2015, Little Flower unveiled two computer labs at its Queens and Brooklyn offices for the foster youth population.

The labs were developed with the support of long-time donors, the Dreams R Us Foundation so that foster youth may research training and program opportunities, apply for jobs and internships on-line, complete school applications, apply for financial aid, practice resume writing, and become familiar with computer software. Some may even be able to take on-line courses toward a degree or certificate programs. Youth also have access to a library of study guides for various exams (Regents, SAT, GED), college aids, resume writing workbooks and more.

“We are very excited to have the resource lab up and running and thrilled to be able to provide our young adults with an additional outlet to help them in their journey to completing their education as well as securing positions in the workforce. We are extremely grateful to the Dreams R Us Foundation for their continued support and for partnering with us as we work to provide many tools to our youth so that they may lead fulfilling and productive lives” said previous Executive Director, Grace G. Lo Grande.

Youth Spotlight

Because of the hardships the youth in our programs face, it is inspiring and monumental when one of them is recognized and honored for going above and beyond to help their peers. Little Flower’s own Anthony T. won the 2014 Administration for Children’s Services LGBTQ & Ally Award!

Anthony was placed into care when he was 14 years old after enduring physical and mental abuse at home. He’s had many ups and downs during his time in foster care and once harbored suicidal thoughts, which landed him in Brunswick Hall, a psychiatric hospital, for eight months and two other facilities thereafter. During his time at these facilities he developed his special skill of writing—some of which have been very successful and featured in the Huffington Post, NY Times and REPRESENT magazine. Eventually, Anthony found stable ground when he moved into a kinship foster home with his aunt and cousins.

Two years ago, Anthony discovered the Little Flower LGBTQ Teen Group and has been a core member and leader in the group ever since. Staff witnessed the impact Anthony made on the lives of other young adults in group. He encouraged teens to stay and complete high school, which he was able to do himself after thoughts of transferring or dropping out, because of the support he received from the group. Anthony helped members overcome their own challenges by sharing his experiences in dealing with bullying. He has been helpful in creating an environment for his peers to learn of opportunities, resources and information to help transition out of care as well as learn how to be their own self-advocate. Anthony recently aged out of care and is excelling in college all the while still finding time to join the group during meetings and offer help.

Anthony said he was both surprised and excited when he heard the news of being selected as the recipient of the LGBTQ & Ally Award. Anthony has demonstrated his commitment to safety and well-being of his peers as well as made a tangible impact by supporting his fellow foster youth!

Campus Happenings

Little Flower’s Open House

In July 2013, Little Flower hosted an Open House on the Wading River Campus, opening its doors to the surrounding community to come and reacquaint themselves with the campus, staff and clients.

The event, sponsored by The James A. Cullen Memorial Fund and Marcus Stinch, welcomed many visitors, including Legislator Sarah Anker of the Sixth Legislative District, alumnus Philip Morrow and board members Tom Cullen and Barbara Kullen.

Guests were able to take tours, led by dedicated and knowledgeable staff, to the different parts of campus. They were able to see firsthand where and how the children lived and the types of treatments and services the children received as well as projects they participated in, such as the garden and Campus Café.

It was a great afternoon getting to know our neighbors and sharing the work that has been done on the campus for over 85 years!

Little Flower Opens New Day Habilitation Program.

The Little Flower Day Habilitation Program opened its doors April 7, 2014 to 15 individuals living at home or in a certified Individual Residential Alternative (IRA) and/or Intermediate Care Facility (ICF) in need of an appropriate day program. Many are recent graduates from the Board of Education and in some cases have been without a structured day program for one to two years. These individuals have profound-moderate range of intellectual functioning with behavioral and medical concerns. Several are non-ambulatory and require total support with all activities of daily living.

The program assists families who have been forced to adjust their lives to remain home with their child and addresses the lack of services on the East End and North Shore of Long Island and the lack of appropriate programs to meet the medical and behavior challenges of these individuals.

Support from Decision Women in Commerce and the Professions, Inc. has allowed us to purchase sensory and tactile learning tools for use by staff to develop skills and abilities among the participants.

We are proud and excited to welcome this new group to the campus and the Little Flower family!
**Junior Iron Chef**

Little Flower takes a therapeutic approach to the culinary arts and strives to provide those in our care the opportunity to develop the skills necessary to make it on their own. For these growing adolescents, learning culinary arts is more than fun—it is a skill that will empower them as they transition to independent living by teaching valuable life skills, fostering self-esteem and confidence as well as introducing basic food and nutrition skills.

Students participating in Little Flower’s Culinary Arts program took their training and skills a step further by participating in the Annual Long Island Junior Iron Chef competition. Little Flower’s team, the Tiger Lilies, competed in the 2014 and 2015 competitions and both years walked away winners.

The teams developed their recipes through testing, tasting and tweaking. Not only did they practice the technical aspects but they also worked with their team supervisor, Jennifer Quinlan, on presentation, proper culinary terminology and how to represent themselves and talk to the judges.

The first year of the competition, the Tiger Lilies team consisted of Elijah and Naomi who served the judges Greek Sliders with Kale and Goat Cheese Pasta Salad. Their creation earned Elijah and Naomi 3rd place from among ten other local high school teams.

Last year, the Tiger Lilies sent Russell and Samantha to compete in the Middle School portion of the competition and they were required to create a vegetarian breakfast dish. The duo created a Harvest Hash—a sweet potato and chickpea hash, topped with a poached egg, tortilla with a Sriracha cream sauce. Once again, the Tiger Lilies came out winners, taking 2nd place. Additionally, they were the only team that year to win a second award as the recipients of the Public Presentation Award for outstanding presentation and professionalism.

We look forward to tasting the delicious creations of future competitions!

**Bishop DiMarzio Visits the Campus**

Little Flower was honored by a visit from Bishop Nicholas DiMarzio, Bishop of the Brooklyn Diocese at our Monsignor John T. Fagan campus in early 2015 as part of the *On the Road with Bishop DiMarzio* TV series!

Our youth from the Culinary Café provided a five course lunch for his Excellency and were able to spend some time with him. That was followed by a tour of the campus including mass at the Msgr. Bernard Quinn Chapel, which was very fitting as Bishop DiMazrio is leading the cause for canonization for our founder, Msgr. Quinn.

We thank him for spending the day with us reveling in our long and proud history and experiencing our accomplishments of today!
Little Flower Staff Recognized at COFFCA Brooklyn Cares Awards

Last April, two of Little Flower’s very own, Foster Care Supervisor Yardley Jean Calixte, LMSW (now the Director of Quality Improvement-Family Care) and Caseworker Anne Psolka-Green received recognition for their outstanding commitment and dedication to the children in their care!

The Brooklyn Cares Awards, coordinated by the Council of Family and Child Caring Agencies (COFCCA) and the Brooklyn Borough President, Eric Adams, identified Brooklyn based child welfare agencies and their staff for their hard work, dedication and for going above and beyond for children in need.

Ms. Jean-Calixte joined the Little Flower family in 2005. She began her career as a Case Planner and then became a Foster Care Supervisor. As such, her duties included supervision of case planners, case planning services for children placed in foster care and working with staff to identify resources for the safety and well-being of the children and families in her care as well as the development of her staff. Ms. Jean-Calixte chose Social Work as a career because she wanted to be an advocate for children and give a voice to those who are otherwise marginalized.

Anne Psolka-Green is relatively new to the field of social work, having started at Little Flower less than two years ago. During that time she has had the opportunity to learn from her supervisors, peers and those she serves. She is responsible for helping the children and families in her care to cope with problems they are facing while ensuring the child is safe and secure.

Sister Madeline

Little Flower Executive Director Corinne Hammons along with members of the Senior Executive Council presented Sister Madeline Kanich with a Proclamation for 50 years of dedicated service to the children and families in our care. Sr. Madeline, a member of the Sisters of the Holy Family of Nazareth, has lived and worked on the Wading River Campus for that entire time, teaching, leading, guiding and caring for the children.

The celebration of Sr. Madeline’s life continued at a luncheon served by youth in the Culinary Arts Program. Staff were joined by Rev. John Barrett, Pastor of St. John the Baptist in Wading River, Little Flower Board member Barbara Kullen and several retirees to celebrate Sr. Madeline’s accomplishments, share stories and wish her well on her retirement.

As the luncheon drew to a close the guests were treated to a special performance of “This Little Light of Mine” by Little Flower youth. A fitting close to a life of service enabling the "lights" of so many Little Flower youngsters to shine over the long years of her career.
Amazed! Inspired! Thankful! Your generosity allows Little Flower to continue our mission of helping children, families and developmentally disabled adults in need. We could not do this without your support and hope that you take great pride in the important difference your support makes in the lives of those we serve!

Little Flower is proud to have four Sisters of the Holy Family of Nazareth living on the Monsignor John T. Fagan Campus in Wading River, with two of those Sisters in active ministry at the agency.

Sister Michelle Bremer, CSFN
Sister Agnese Palczynski, CSFN*
Sister Rita Wasilewski, CSFN*
Sister Ellen Zak, CSFN
Want to get involved with Little Flower or learn more about what we do? Here are some ways you can help:

Donate Online:  
www.littleflowerny.org/donate

Host a Drive:  
Toy Drive: We are always in need of toys and gifts for the youth in our care. Whether it’s Christmas, birthdays or milestones like graduation, gift cards, clothing, electronics, books and other items are always appreciated!  
Back to School Drive: You can help provide a child with a backpack filled with the essential items (notebooks, pens, pencils, flash drives, etc.) needed for a successful year!

Stock and Real Estate Gifts:  
Make a lasting contribution and receive tax benefits such as charitable income tax deductions and capital gains tax savings by donating appreciated assets.

Leave a Legacy:  
One of the easiest ways to support Little Flower is to make a bequest in a Will or designate Little Flower as a beneficiary of an insurance policy, IRA, 401 (k), 403 (b) or other qualified pension plan.  
If you already named Little Flower as a beneficiary, please let us know so that we may have the opportunity to thank you.

Matching Gifts:  
Many companies offer matching gift programs to encourage employees to contribute to charitable organizations. Some even provide matching funds to support employee volunteer hours! Most of these programs match contributions dollar to dollar!

Check with your company to see if it offers a matching gift program that will match your gift or your volunteer hours to Little Flower. If a program isn’t offered, ask to start one!

Workplace Giving:  
Little Flower participates in the Combined Federal Campaign and other payroll deduction campaigns. You may designate Little Flower on your corporate payroll deduction form.

Volunteer:  
We rely on the generous donation of time from the many individuals and corporations who help us. We need volunteers for many activities at all of our various locations.

If you would like more information on how to get involved with Little Flower, please contact Maureen Fox, Director of Development at: 718-875-3500 ext. 5040.
Little Flower Children and Family Services of New York has provided quality programs and services to children and families in crisis and developmentally disabled adults in New York City and across Long Island for over 85 years. As one of the largest child care agencies in New York State, Little Flower maintains a strong history of responding to societal needs to ensure the safety and well-being of those in our care.
