

*Celebrating 90 Years of
Turning Caring Into Action*

FEBRUARY 2019

LITTLE FLOWER CHILDREN AND FAMILY SERVICES OF NEW YORK

Little Flower's New NYC Home

You can now find Little Flower NYC staff all under one roof, at its new urban campus, the **NYC Flagship** office at 630 Flushing Avenue, Brooklyn.

Staff from the Jamaica, Queens office were the first to move last September. And, earlier this month the last occupants, staff from the Downtown Brooklyn offices made their move over.

The brand new space in the old Pfizer building houses the foster care program with numerous family-focused visiting rooms; the program for individuals with developmental disabilities; part of the Health Homes team; the medical and mental health team, equipped with medical exam rooms; the external relations and communications, fundraising and administrative departments.

Keep an eye out for an invitation and updates about the Grand Opening and your chance to get an inside look at our new home!

Celebrating Black History Month

This past month we honored and remembered those before us who have fought for equality, justice, and opportunity. It is fitting that we announce our 90th Anniversary during Black History Month! Our founder, [Monsignor Bernard J. Quinn](#), was a champion for the black community rejecting racism and hate.

In 1922, he established St. Peter Claver Church, the first parish for black Catholics in Brooklyn. St. Peter Claver was not only important for faith but also for resources for education, employment opportunities, social gatherings, and entertainment.

His next great project continues today! Click below to learn more about our forward-thinking, progressive founder and his life's work for the betterment of others. And, please keep an eye out for additional historical facts and anecdotes throughout the year as we celebrate this significant milestone!
