Family Enrichment Center Coming Soon to our Flagship Site

We are thrilled to share that Little Flower was one of nine organizations to receive funding to launch a **Family Enrichment Center** out of our Flagship office in Bedford-Stuyvesant, Brooklyn!

Family Enrichment Centers are family-centered hubs throughout New York City that offer community-based resources and support in a comforting and inviting space where neighbors can connect, support each other, seek resources, and work together to build potential so families can see a brighter tomorrow.

The opportunity to add this additional service to the programs we offer our families speaks to the heart of our mission and our desire to provide services around and near the Flagship office and to do true community-driven work.

Stay tuned for the exciting updates about this new program!
Little Flower President & CEO, Corinne Hammons sat down with Tommy D, host of Philanthropy in Phocus, for an engaging conversation about nonprofit leadership, the importance and value of collaboration, and of course, Little Flower!

Philanthropy in Phocus is the brainchild of Tommy D and is meant to be a platform to support nonprofits through this weekly show, networking opportunities, and thought leadership.

If you missed the show, you can view it here. You can also see more of Tommy at the 2nd Annual Fostering Hope virtual fun-raiser where he will be joining us as our emcee!

The Little Flower team joined Ron Gold, host of the Non-Profit Voice, for a great discussion of the past, present, and future!

Kerri Smith, Chief Operating Officer, Nyrekia White, Director of Resource Development, and Steve Zeltser, External Relations Manager, took listeners through a journey of Little Flower’s history and foundations for the organization today. They discussed the pandemic and its effect, advocacy and the changing nonprofit workforce, and Little Flower’s upcoming events and initiatives.

Advocating for Just Pay

Earlier this month, Little Flower staff joined other human services providers for a rally to advocate for #JustPay.

The #JustPay campaign seeks to ensure equitable wages for human services workers. Under current state contracts, the essential human services workforce is some of the lowest paid workers in New York’s economy.

Little Flower foster care case planner, Kanya Flowers, along with speakers from other organizations, shared her experience as an essential worker and demonstrated the need for fair and equitable pay.

There are only a few weeks left until the registration deadline for the **2nd Annual Fostering Hope virtual fun-raiser**! Be sure to **purchase your tickets and sponsorships** by April 21st to ensure your design kits and special gift arrives in time!

Your registration gives you access to a fantastic night on May 12th at 7 PM celebrating the changemakers in our communities whose individual actions have created a wave of change!

*Sandra Lindsay,* the first person to receive the COVID-19 vaccine in the United States, will be joining us as our **Corporate Ambassador of Hope.**

Sandra Lindsay is the personification of how the action of one person can create a wave of impact in our community and the world. As the first person in the United States to receive the COVID-19 vaccine, she led the fight against the pandemic.

**Tommy D, #TheNonProfitSectorConnector** and dedicated Little Flower volunteer will be our emcee for the evening! Tommy D is an avid supporter of Little Flower and has generously volunteered his time and special skills as part of his **60 Days of Service** campaign. As the host of **Philanthropy in Phocus,** Tommy elevates the work and impact of Long Island’s nonprofit community.

We will also celebrate the achievements and generosity of the **Suffolk County Girl Scouts Cadette Troup #4946** as our **Youth Ambassadors of Hope!**
Honoring Youth Ambassadors of Hope
